**IMPORTANT: MEMBER NOTICE**

**FSCA'S INTENTION TO PLACE THE PRIVATE SECURITY SECTOR PROVIDENT FUND  
UNDER CURATORSHIP**

---

Members of the Private Security Sector Provident Fund are advised that the PSSPF's Board of Trustees has resolved to oppose the Financial Sector Conduct Authority's (FCSA) bid to place the fund under curatorship.

The matter is also opposed by most of the private security sector unions who share the same view with the Board that the members will be worst affected if the fund goes under curatorship.

Although there is a legal process in place, the PSSPF will welcome an engagement with the FCSA to resolve and clear up any uncertainties and conform to any regulatory requirements.

The Board wishes to reassure the members that their retirement savings are in good hands and that the fund is in good financial health.

Any further developments on this matter will be communicated accordingly to all members.
